Members of Honolulu Ad Club Well Reason For Giving Thanks

Following are a few of the expressions of members of the Honolulu Ad Club, made in response to a request of President W. R. Farrington, calling for reasons for rejoicing over Thanksgiving Day. All members of this life-organization admit that they should be thankful, some in prose and others in verse, as the following will show:

"The President Honolulu Club, Honolulu."

Thanksgiving is here once more, Gently knocking at our door.

Let us all thankful be, That the Ad Club has knocked the knocker

From our shores for evermore. HENRY A. GILES.

Reasons for Thanksgiving. That at the close of the fateful Democratic year, 1913, we are still on the map.

And further, that owing to our efficient quarantine officials, we have been spared the introduction of yellow fever and of the malarial mosquito.

A. W. VAN VALKENBURG.

We all have individual reasons for being thankful on this day, but can not we be collectively thankful for the many kindnesses bestowed upon this community during the past years?

Let us be thankful that there is a future in which we all must strive to do our duty for our fellow men.

A future, in which every man is expected to put forth his best efforts for civic and moral righteousness.

L. M. JUDD.

Let everybody be thankful this day; Let us be thankful for the benefits that ensue

By reason of the organization of this club; Let those who patronize us be thankful

Because they will be better off for doing so; Let all be thankful for whatever good they have received.

As all people do receive some good, And if we cannot think of anything for which we should give thanks, let us be thankful.

That things are no worse than they are, And let us all do something to help others be thankful.

CHUCK HOY.

I'm thankful for a lot of things, But more than any other, That I'm a member of this club

That boosts for one another, But I'll tell you confidentially, I'd never been here to whom.

But in cold Canada one winter The baby had the croup.

I'm thankful, happy citizen, And you bet I'm here to stay to play a good and useful part.

For fair Hawaii and— But the truth I have admitted To this most distinguished group, I'd never been among you.

If she hadn't had the croup, I'm thankful that the baby had the croup.

HARRY S. HAYWARD.

I am thankful for the heritage of our forefathers who established this annual Thanksgiving, thankful for the great American nation which their courage, patience, industry and sacrifice made possible; thankful for the growing altruism in all lands which prophesies the universal brotherhood of men.

I am thankful for life and home and friends in these fair islands. Thankful, too, that I am a member of this club of progressive business men who have deemed it appropriate to pause in the midst of the day's work to give thanks for our many blessings.

HARMON E. HENDRICK.

What Have I to Be Thankful For? Life is too short to enumerate them. But special thanks I render to my creator for three great blessings: A happy home and friends, the power and health for work, and though skies may darken and the years steal on, my hope to live and laugh.

TOM SHARP.

What we have striven to do we have done, and many of us have thought the path easy. We have enjoyed the blessings earned by the thrift of those who have gone before. We are thankful for that.

C. E. KING.

Residence in this splendid community whose citizens are broad in mind, large of heart and progressive in spirit, and membership in the Honolulu Ad Club, its liveliest civic organization, are two of the many reasons why I am truly thankful in this year 1913.

CHAS. A. COTTRILL.

I shall give thanks tomorrow, that I am one of the 350 members of the Honolulu Ad Club, and am permitted to do my share (small though it be) toward making our city more beautiful, comfortable, healthy, and prosperous.

J. MORTON RIGGS.

November twenty-sixth, Nineteen hundred thirteen.

Nov. 26, 1913.

I am thankful that I could come back and find here the friends I left, the kind friends that make a man feel glad that he is living. I want to

make them better friends and have them feel glad that I came back. This is my Thanksgiving sentiment.

J. A. M. JOHNSON.

Cause for giving thanks rests in the spirit of the individual to discern a reason therefor.

Paia, Maui, November 28th, 1913.

James D. Levenson, Esq., Secretary, Honolulu Ad Club, Honolulu, Oahu.

Dear Sir: I have for acknowledgment the receipt of the many weekly notices sent me of the luncheons held, your special notice of Oct. 31st last, and my Membership Certificate for 1914, and also copy of the Thanksgiving Proclamation of the president of the Club, all of which have been noted and read by me with much interest.

My only regret is that I am not able to respond each and every time such notices reach me, for it would give me great pleasure to be with you at your frequent gatherings. Mr. Farrington's proclamation is a masterpiece, and as I write this now, 11 A. M., great preparations are being made, and great are the anticipations, for the Thanksgiving luncheon to be held by the Club today, and just the thought of it here makes my mouth water. I would give a great deal to be with you, for it will doubtless be an event to be long remembered.

From your notice of Oct. 31st I have wondered whether or not I am owing the Club a balance for dues for the year 1914, and if so will be pleased to remit upon notice of same from you.

With my best wishes to the Club, I am,

Yours very truly, W. O. AIKEN.

As the executive head of our city and county, I have much at this time of national Thanksgiving to be thankful for.

By the ever-guiding hand of Almighty God, I have been able during the past six years to earn enough to provide a fitting livelihood for a large number of people dependent upon me for support.

I am truly thankful that the health of those dependent upon me have been preserved.

I am thankful for the loyal co-operation extended me by my associates in office and that the good name and credit of our city have not been endangered.

Apart from all this I must return thanks to Almighty God that our city health authorities have been most loyal to my administration in our concerted efforts to aid our indigent population afflicted with the most dreadful scourge of tuberculosis, and that their policies will ever be for the amelioration of this terrible plague.

Coming in contact as I do almost daily with our dependent poor, I raise my voice in thanks to our Creator that he has permitted to be among our citizenship such worthy people of means who are constantly seeking to aid our indigent poor, and that he has given to our fair country that smiling climate which carries sunshine with it into the far recesses of poverty and need.

The health of our school population during the year has been good, and I am particularly moved by the soul-stirring work of the good sisters and laymen at the places of detention set aside for our most unfortunate people, at Kalihi and Molokai.

JOSEPH F. FERN.

Mayor, City and County of Honolulu.

"Thanksgiving day," Mr. President: Oh, what a fund of memory comes rushing through ones thoughts. Some of us living in these beautiful islands are parted from friends near and dear to us. I give thanks that in the Ad Club at least we endeavor to enthrone that joyous spirit the very name "Thanksgiving" implies. We can all do something, no matter how small, to help cheer some poor fellow so that he can in perfect truth indulge in that beautiful thought, "I have a true friend." This time of cheer and thankfulness brings to my mind a little verse I think apropos to this occasion. It runs thus:

"If you see a fine fellow ahead of a crowd, A leader of men marching fearless and proud, And you know of a tale, whose mere telling aloud Would cause his proud head to in anguish be bowed, It's a pretty good plan to forget it."

GEO. B. CURTIS.

Thanksgiving is a double word—most of our sentiments are devoted to the "Thanks" portion of it. I want to make a plea for the "Giving" end.

Next to doing nothing—the easiest thing is to give thanks—it does not cost anything—but surely if we have enjoyed a year of prosperity we should be GLAD in a more tangible manner by making someone who may be less prosperous, happy too.

Honolulu offers as many opportunities of making other folks happy as any other city. If you don't believe

COLLEGE MEN OF YESTERDAY AND TODAY GUESTS

All young men of Honolulu who are college graduates have been invited to the Young Men's Christian Association to attend the first of a series of college men's night which will be held in Cooke hall Friday evening, December 5. Similar gatherings proved a success last year, the purpose being to get the college men of the city acquainted.

The students of Oahu College and McKinley High School, who contemplate attending colleges or universities on the mainland next year, will be the guests of honor, and a musical and literary program has been arranged to follow the dinner, which will be held at 6:30 o'clock. "Nights With the Great Universities" will be the topic for the coming series of dinners, and the first will be Harvard night, Dr. W. T. Brigham, A. B., 1882, will tell of student life at Harvard in the 60s, and Allan Lowrey, A. B., 1913, will tell about "How They Live in the 20th Century." These addresses will be followed by music by the Kamehameha faculty trio and the Kamehameha quartet. After the program a basket ball game will be played in the gymnasium between teams representing the eastern and western colleges. All college men of the city are invited to be in attendance, whether or not they receive invitations.

Catholic Boy Scouts to the number of 30, under the command of Scoutmaster Father Reginald, returned to Honolulu Saturday afternoon after three days spent in camp at Puuloa. The boys report a good time despite the fact that it rained down the country considerably. During the encampment the boys were instructed in practical astronomy, topography and map making.

An important meeting of the board of supervisors will be held Tuesday evening. The report of the committee of the whole on the new milk ordinance, suggesting several amendments, may be made at that time. Though the supervisors met Sunday afternoon, they did not touch this or other matter outside of the regular payroll.

Major Julius Penn, adjutant of the 1st Hawaiian Brigade, will speak in Cooke Hall, Young Men's Christian Association building, Thursday evening at 8 o'clock upon the subject "Experiences in the Philippines." The lecture will be illustrated with stereoptical views.

The Young Men's Christian Association had charge of the services at Oahu penitentiary yesterday morning. Secretary R. M. Cross of the boys' department and Secretary Jay Urice of the educational department made short talks. Secretary Jackson was the organist. The music, which included numbers by the prison quartet, was the feature of the program.

While sugar planters from all parts of the territory were in session this morning, stock and bond business along the street came to a halt this morning. Only one small deal, calling for the transfer of five shares of Pines was made. That stock was sold at \$4.25, a quarter point decline from its former sale.

The "street" is showing a great deal of interest in the convention, and after the various reports are read, etc., they expect to see the market brighten up.

Mrs. Annie Rix Mills, for many years in charge of the Home of Truth at Los Angeles, will arrive in Honolulu December 3 en route on a world tour of teaching, accompanied by a party of practitioners. She will remain in Honolulu until December 21, during which time she will lecture in the rooms of the former Kiloana Art League. The program follows: December 9—"Mind the Master of the Universe," December 11—"The Renewal of the Body," December 13—"Developing Concentration," December 15—"The Cosmic Consciousness," December 18—"The Fourth Dimension," December 20—"The Life of Inspiration."

It, just stand by the new toy shop on First street next to the Catholic School when the children are leaving school at 2 p. m.

A dollar or so spent on some of those toy-hungry kiddies will make you feel better than all the "Thanks" you can give in a lifetime.

I don't know if we ever shall be weighed in the Balance, but if we are I'd rather take my chances on the credit of a few thoughtful gifts to the less fortunate than I would on a carload of mere Thanks.

But if we also want to give thanks, do not let us devote all of them for those things which, with our own right arm, and the sweat of our brow, we have hewn out for ourselves. Let us rather be thankful that we have escaped those disadvantages and evils which MIGHT have happened to us and which have passed us by.

In Hawaii we have experienced no wars, no famines, no pestilence, no tornadoes, no cyclones, no lives lost wholesale by shipwreck or trainwreck, no sunstroke, no freezing to death.

And these I believe are things to be thankful for, because they have happened elsewhere—always remembering that if we HAVE a few little drawbacks, and have not been as fortunate as we wished, there are always those who are even less fortunate; and as Mrs. Wiggs says, "We should be thankful, if only because we have not a hare lip."

H. L. STRANGE.

Honolulu, T. H., Nov. 26, 1913. Mr. President and Members of the Honolulu Ad Club.

Very respectfully submitted, 1913 PIRATE NO. 2.
